[crv15.participants] Re: SFTP ready + deadline reminder
Ylliès Falcone [ylies.falcone@imag.fr]

Sent: Friday, May 22, 2015 10:34 AM
To: crv15.participants@imag.fr
Cc: crv15.chairs@imag.fr

Dear Participants,

Sorry for another email.
To simplify your DataMill setup scripts, you can also send us a list of packages that are required for your tools. These packages have to be in the Portage tree.
Note, you can already consider that Ocaml 4.02.1 and Mercurial will be installed.

Best Regards,

- CRV'15 team -

Dear Participants to CRV'15,

We would like to inform you that the SFTP hierarchy as (described
at https://forge.imag.fr/plugins/mediawiki/wiki/crv15/index.php/Monitor_Collection_Phase)
is ready.

We would like also to kindly remind you that:
- if you need help for configuring your setup scripts on DataMill, we would like that you contact us by tomorrow.
- the deadline for submitting monitors is June 10.

Best Regards,

- CRV'15 team

Dear Participants,

The instructions for monitor submission are posted on the Wiki.

Please let us know by the end of the week if you have any comment or concern about them. Please also register to this page in case slight modifications are needed.
The SFTP directory hierarchy for posting files is under creation. We will let you know when it will be available.

Best Regards,

- CRV 15 team
